## SUPERINTENDENT'S REPORT

---

*To the School Board of Kensington, N. H.:*

I take pleasure in submitting to you my annual report as superintendent of the Kensington schools, the twelfth in the series of such reports.

At the present time Kensington pupils are enrolled in grades one to twelve inclusive, as follows:

Grades	1	2	3	4	5	6	7-8	9-12	
North School	3	6	1	1	2	1	0	0	14
West School	1	0	2	3	0	3	0	0	9
East School	8	3	4	4	1	5	0	0	25
Robinson Seminary	0	0	0	0	0	0	4	5	9
Exeter High	0	0	0	0	0	0	2	4	6
Amesbury High	0	0	0	0	0	0		10	10
	—	—	—	—	—	—	—	—	—
	12	9	7	8	3	9	6	19	73

I commend to your notice the statistical tables which follow, for the information which they contain is valuable, furnishing, as much of it does, knowledge of the schools which could hardly be obtained in any other way. Table I shows the statistics of enrollment, attendance and the like in each year as far back as 1919. In my report of a year ago I called attention to our low percentage of attendance, 91 percent, which was due, largely, to sickness among the pupils of the West School in which the percentage of attendance for the year was only 86.7. I am happy to call attention to the fact that last year our percentage of attendance for all schools rose to 96, the highest mark reached in eleven years. Table II shows you that the West School, which had 86.7 percent the year before, rose to 97.60 percent, the highest in the district. This record, a good one indeed, is due to good health, keen interest and the able management exercised by the teachers. Tables III and V are interesting as showing costs with other districts, and comparative local costs over a period of eight years. You maintained last year, schools which were actually in session one hundred and seventy-nine days, with an attendance of 96 percent, at the lowest cost in eight years.

I have only high praise for the work of the teachers of last year. Our usual tests at the end of the year gave visible proof of what every visit during the year told us, namely, that steady progress was being made in the subjects taught

and that lasting lessons in good manners and good citizenship were learned every day. We are happy to welcome Miss Robie back to her school this year in good health and as zealous as ever, continuing the work she has been at for so many years. The number of pupils now enrolled at the North School is smaller than usual, but Miss Turcotte maintains the enviable record which she established last year as a teacher with a happy, efficient way in her school room and with a fine sense of her duties toward parents and in the community. We have experienced in the West School this year some of the results found when a young teacher tries to carry a load of teaching which proves to be too large and exacting. Miss Milbury was obliged to give up her work at the end of the winter term.

Our school houses are generally in good repair. New shingles at the North School insure the life of that building, the removal of bushes from the West School yard has added much to the good appearance of that building, and teacher and pupils did much to beautify the grounds of the East School last year. I recommend that the brick out-house at the North School be removed and that some thought be given to permanent adornment of grounds there.

I call attention to the report of the school nurse below. It is for the best interests of our pupils to have through the entire year a nurse of school experience. Miss Patten's work will seem increasingly valuable as time goes on.

It is a privilege once more to acknowledge, for the teachers and myself, our appreciation of the interest and co-operation shown by School Board, parents and other citizens in our work.

Respectfully submitted,

CLIFTON A. TOWLE, *Superintendent*,

Supervisory Union, No. 16.

Exeter, N. H., February 15, 1931.

# REPORT OF SCHOOL NURSE OF KENSINGTON

Newmarket, N. H., February 11, 1931,

Mr. Clifton A. Towle, Supt. of Schools,  
Exeter, N. H.

My dear Mr Towle:

I am enclosing a report of health supervision in the schools of Kensington, Newfields, Stratham and Greenland.

I have made all the physical examinations and the necessary home visits but there is a considerable amount of corrective work yet to be done in your Union.

Sincerely yours,

MARTHA A. PATTEN, R. N.

*Kensington*

Since September 8, 1930, twenty-nine nursing visits to the schools of Kensington have been made. Fifty-six physical examinations have been made and notifications of defects sent to parents. The physical examinations show the need of considerable corrective work.
